About This Course	xi
How to Take This Course	xiii
1 Cost Accounting for Control	1
Strategic Planning	
Role of Management Accounting	
The Traditional Accounting Control System	
The Behavioral Aspects of Control	
Motivational Factors	
Effect of Participation	
The Traditional Cost Accounting System	
The Development of the Traditional Cost Accounting System	
Changing Business	
Problems with Standard Cost and Variance Systems	
The Failure of Traditional Cost Systems	
Variable Costing	
Allocating Overhead	
Variance Anomaly	
Precision and Accuracy	
Information Provided	
Your Turn: When a Cost Accounting System Is Obsolete	
Recap	
Review Questions	
2 Activities and Costs	29
Activity-Based Costing	
Classifying Activities	
Costs	
Importance of Activity-Based Costing	

Activities

Levels of Activities

Characteristics of Activities

Implementing and Maintaining an Activity-Based Costing System

Two Views of Activity-Based Costing

Cost Assignment View

Process View

Integrating the Two Views

Micro and Macro Activities

Activity Drivers

Applying Activity-Based Costing

Additional Factors to Consider

Your Turn: Applying Activity-Based Costing

Cost Behavior

Absorption Costing and Variable Costing

Capacity Measures

Presenting Excess Capacity on an Income Statement

ABC Profitability Maps**Continuous Improvement**

Reducing Costs

Affecting the Design of Activity-Based Costing Systems

Recap**Review Questions****3 Developing and Implementing an Activity-Based Costing System****59****Systems Development****Developing an ABC System**

Scope of the Program

Project Organization and Schedule and Information Needs

Development Costs

Off-Line vs. Integrated

Reports

Identifying Activities

Methods of Obtaining Information on Activities

Obtaining Costs**Determining Resource Drivers**

Your Turn: Employee-Related Costs

Driver Multipliers

Cost Centers and Allocation

Determining Cost Objects

Product-Related Cost Objectives

Customer-Related Cost Objectives

Other Cost Objectives

Determining Activity Drivers

Number of Activity Drivers
Factors in Selecting Activity Drivers
Product Cost
Life Cycle Costs
Tracing Product Costs
Cost Drivers and Performance Measures
Aspects of Performance Measures
Performance Evaluation for Payroll
An Intelligent Approach to Cost System Design
Recap
Review Questions

4 The Success of ABC Implementation 91

Factors in Successful ABC Implementations
Problems in Implementing ABC
Factors Leading to Failure of ABC Systems
Customer Satisfaction
Standalone or Fully Integrated System
Nine Steps to Implementing ABC
Necessary Ingredients for Success
Structural Considerations
Factors Contributing to Resistance
Your Turn: Critical Roles in ABC Implementation
Behavioral Considerations
Important Factors for Successful ABC Implementation
Behavioral and Organizational Consequences
Recap
Review Questions

5 Activity-Based Costing for Nonmanufacturing Organizations 107

The Two-Dimensional ABC Model
ABC and Service Organizations
Applying ABC to a Retail Merchandise Operation
ABC in a Small Service Business
Applying ABC to Service Organizations
A Hospital
ABC for a Systems Consulting Industry
An Internal Auditing Department
A Railroad
Activity-Based Costing for Electric Utilities
ABC Aids in Effectively Using Computing and Communication
Technology
A Warehouse

- A Data Analysis Service
- A Health Clinic
- Quantifying Environmental Costs
- Activity-Based Costing at a University Support Center

Applying ABC to Banking Operations—An Illustration

ABC for Credit/Debit Card Service for the Post Office

Your Turn: Organizations and Items

Recap

Review Questions

6 ABC and Other Techniques **139**

Theory of Constraints

- Managing Constraints and Maximizing Throughput

- Integrating ABC and TOC

- People-Intensive vs. Machine-Intensive Departments

- Financial Reporting Using ABC and TOC

Transfer Pricing

- Market Price

- Negotiated Price

- Variable Cost

- Absorption Cost

- International Taxation

- Transfer Pricing and ABC

Enterprise Resource Planning (ERP)

Target Costing

- Personnel Requirements

- Product Considerations

- ABC with Target Costing

Economic Value Added (EVA)

- EVA Considerations

- ABC and EVA

- Dedicated vs. Nondedicated Capital

- Disadvantages of EVA

Feature Costing

Your Turn: Theories, Systems, Techniques

Recap

Review Questions

7 Activity-Based Management **157**

The Relationship between ABM and ABC

ABM Framework

Customer Satisfaction

Concentrating on Activities

- Nonessential Activities

- Internal Benchmarking and Coordination

Reducing Cost with Activity-Based Management	
Analyzing Activities	
Value Analysis	
Nonvalue-Added Activities	
Analyzing Costs	
Lowest Price Versus Lowest Cost	
Sourcing Decisions	
Target Cost Analysis	
Analyzing Customers	
Budgeting	
Activity-Based Budgeting—Starting with Cost Objects	
Activity-Based Budgeting—Starting with Work Performed	
Performance Measurement	
Traditional Performance Measures	
Nontraditional Performance Measures	
Effect of Performance Measures	
Performance Management	
Three-Tiered Approach	
Differences in Performance Measures	
Responsibility Accounting	
Traditional Responsibility Accounting Systems	
Activity-Based Responsibility Accounting Systems	
Innovation and R&D	
Investment Management	
Satisfaction with ABM Implementation	
Recap	
Review Questions	
Bibliography	185
Final Exam	193
Index	203
